THE "VICEROY"

(Patent Applied For—Name Reg. U. S. Patent Office.)

Sectional View of "Viceroy" Bath Tub showing permanent trade mark and parts built into wall and floor.

To Avoid Substitution. This is the main reason for the permanent Kohler trade-mark. It is your right to identify Kohler Ware easily and quickly at all times. This is possible with the Kohler imprint shown in the accompanying illustration.

Each piece of Kohler Ware is made with this imprint—the name KOHLER—incorporated in faint blue letters in the white enamel. It is inconspicuously placed, but easily found, and is unremovable. You are assured that when you specify Kohler Ware you can positively identify it.

Each piece of Kohler Ware also has the name KOHLER cast on it in raised letters on the underside or on the back of the article.

The Kohler trade-mark is a guarantee that each article bearing it is made in the world's largest factory devoted exclusively to the production of enameled plumbing ware, and that every fixture thus marked is of the Kohler quality—the highest.

KOHLER

This trade mark is permanently imprinted in faint blue in the enamel of each piece of Kohler Ware.
